Chicago, IL 60612-3501

Dear Mr. Banerjee:

Please find attached a revised scope page reflecting the suspension of STAT Analysis Corporation for Gas Chromatography FoT. AIHA-LAP, LLC records indicate that STAT Analysis Corporation had a non-proficient rating in the Industrial Hygiene Proficiency Analytical Testing (IHPAT) Program at the close of round 187.

In order for the suspension to be removed, proficiency must be re-established. A laboratory is rated proficient for the associated FoT/Method (see IHLAP Scope/PT Table) if the laboratory has a passing score for the applicable PT analyte class in two (2) of the last three (3) consecutive PT rounds. Once proficiency is re-established you will be sent an updated scope page.

Until you regain proficiency, please remember Policy 2A.5.10.3 which states "*Test results not covered under AIHA-LAP, LLC accreditation shall be clearly identified on the final test report*" for those FoTs that are not proficient.

If you have any questions, please contact Olena Bulgakova, Laboratory Accreditation Specialist, at (703) 846-0792.

Sincerely,

A handwritten signature in black ink that reads 'Angela Oler'.
