Dear Mr. Pityn:

AIHA Laboratory Accreditation Programs, (AIHA-LAP, LLC) has approved an extension to your laboratory's current certificate of accreditation in the Industrial Hygiene. This extension will expire on 3/1/2012. Remember that your laboratory's proficiency rating in the PAT programs must be maintained for the new certificate to be issued.

Your laboratory remains an accredited laboratory in the IHLAP programs. Please keep a copy of this letter with your expired certificate. If you have questions or concerns, please feel free to contact Olena Bulgakova, Laboratory Accreditation Specialist at (703) 846-0792.

Sincerely,

OSHTECH, Incorporated  
400 York Street, Suite 100  
London, ON N6B 3N2

Dear Mr. Reut:

Please find attached a revised scope page reflecting the suspension of OSHTECH, Incorporated for GC – Diffusive Sampler FoT. AIHA-LAP, LLC records indicate that OSHTECH, Incorporated had a non-proficient rating in the Industrial Hygiene Proficiency Analytical Testing (IHPAT) Program at the close of round 184.

In order for the suspension to be removed, proficiency must be re-established. A laboratory is rated proficient for the associated FoT/Method (see IHLAP Scope/PT Table) if the laboratory has a passing score for the applicable PT analyte class in two (2) of the last three (3) consecutive PT rounds. Once proficiency is re-established you will be sent an updated scope page.

Until you regain proficiency, please remember Policy 2A.5.10.3 which states "*Test results not covered under AIHA-LAP, LLC accreditation shall be clearly identified on the final test report*" for those FoTs that are not proficient.

If you have any questions, please contact Olena Bulgakova, Laboratory Accreditation Specialist, at (703) 846-0792.

Sincerely,

A handwritten signature in black ink, appearing to read "Margie Breida". The signature is written in a cursive style with a large, looped initial "M".
